

Beyond Medical and Engineering

"Life has no Ctrl+Z"

"If opportunity doesn't knock, build your own door"

Likewise students should choose the correct material to build a perfect door for their future house. If the material doesn't count correctly, one cannot be able to create perfect door. Many students and even parents think that medical and engineering is the valuable courses and others are less opportunities. But there are so many bricks to build your door, here come some of the bricks for your perfect door.

Here I give ideas about some courses for your acknowledgement equal to a doctorate and engineer.

Bachelor of Nursing, Biotechnology, Psychology, Food technology and Cardiovascular Technology are common form of Science studies having so many scopes and valuable ones.
